## MESSAGE FROM THE CHAIRMAN

Bismillahir Rahmanir Rahim

Respected Members, Shareholders and Other Stakeholders,

Assalamualaikum.

It is my distinct honor to welcome you all to the 18th Annual General Meeting of Simtex Industries PLC. On behalf of the Board of Directors and myself, I extend our heartfelt gratitude for your continued confidence, trust, and unwavering support in Simtex. It gives me great pleasure to present before you the Annual Report for the fiscal year ended June 30, 2025, along with an overview of our performance and progress during the year.

As our core product industrial sewing thread is primarily supplied to the export-oriented Ready-Made Garment (RMG) industry, our business performance remains closely tied to the global RMG sector. Over the past year, this industry continued to face multifaceted challenges stemming from global economic instability. The lingering aftershocks of the COVID-19 pandemic, compounded by ongoing geopolitical conflicts such as the Russia Ukraine war and the Palestine Israel crisis, have disrupted international trade and weakened consumer demand.

On the domestic front, macroeconomic constraints and episodes of civil unrest further impacted industrial output and logistics. Despite these challenges, Simtex has continued to demonstrate resilience and operational adaptability through efficiency improvements, cost optimization, and proactive market engagement.

I am pleased to report that our sales volume and revenue for FY 2024–2025 have shown notable improvement compared to the previous year, reflecting steady progress in both domestic and export segments. The Board of Directors, acknowledging this positive outcome and the Company's sustainable performance, has recommended a 10 % cash dividend for the fiscal year 2024–2025.

As we look ahead, our strategic priorities remain focused on innovation, product diversification, capacity enhancement, and exploring new market opportunities to mitigate cyclical pressures in the RMG sector and strengthen long-term growth.

On this occasion, I wish to express my sincere appreciation to all our dedicated employees for their commitment, hard work, and professionalism. I also extend heartfelt thanks to the Bangladesh Securities and Exchange Commission (BSEC), Dhaka Stock Exchange PLC, Chittagong Stock Exchange PLC, Registrar of Joint Stock Companies and Firms (RJSC), National Board of Revenue (NBR), Central Depository Bangladesh Limited (CDBL), and our valued shareholders and stakeholders for their continued support, trust, and cooperation.

May the Almighty Allah bless us with wisdom, strength, and success in the years to come.

Yours sincerely

**Mr. Md. Hafizur Rahman**

Acting Chairman

Simtex Industries PLC.

## MESSAGE FROM THE MANAGING DIRECTOR

Bismillahir Rahmanir Rahim,

Assalamualaikum.

It is my great pleasure and privilege to welcome all our respected shareholders to the 18th Annual General Meeting of Simtex Industries PLC., On behalf of the management team, I extend my heartfelt gratitude for your continued confidence, trust, and support in our Company.

Over the past several years, the global textile and apparel industry has faced unprecedented challenges. Following the severe disruptions caused by the COVID-19 pandemic, global trade and production gradually began to recover, only to encounter renewed uncertainty triggered by geopolitical conflicts, notably the Russia–Ukraine war and the Israel–Palestine crisis. These events, along with inflationary pressures, volatile currency markets, and supply-chain disruptions, have collectively affected the Ready-Made Garment (RMG) industry the primary export sector that drives our demand.

On the domestic front, we have also contended with macroeconomic constraints and episodes of civil unrest, which have posed additional obstacles to production and logistics. Beyond operational disruptions, these challenges have had broader implications on the overall economy, business confidence, industrial productivity, and export order flows, leading to tighter liquidity and increased pressure on input costs. Despite these internal and external headwinds, Simtex Industries PLC., has continued to demonstrate resilience and strategic discipline through efficiency improvements, prudent financial management, and an unwavering commitment to quality and service excellence.

I am pleased to report that our sales volume for FY 2024–2025 has significantly improved compared to the previous fiscal year. Our turnover increased by 19.96%, reflecting healthy demand recovery and effective market positioning. Although operating and financial expenses increased by 24.05% and 11.54%, respectively, Net Profit after Tax and Earnings Per Share (EPS) both recorded growth of approximately 20.85%, underscoring the Company's operational strength and financial prudence. In view of this performance, the Board of Directors has recommended a 10% cash dividend for all shareholders for the fiscal year 2024–2025.

As the largest national manufacturer and exporter of sewing thread in Bangladesh, Simtex remains committed to maintaining international quality standards, competitive pricing, timely delivery, and superior customer service. Our Research and Development department continues to explore new technologies, materials, and process improvements to ensure that we remain ahead of industry trends. We are also proud to have achieved compliance with nearly all international standards, enabling us to compete successfully with leading multinational players.

Looking ahead, our focus will remain on sustainable growth, product diversification, and technological advancement. With our strong installed capacity, motivated workforce, and strategic direction, we are confident in our journey toward achieving market leadership and global recognition.

On this occasion, I wish to convey my sincere appreciation to all members of the Simtex family our dedicated employees, officers, and team members at every level for their loyalty, hard work, and unwavering commitment that continue to be the cornerstone of our success. Furthermore, my heartfelt thanks go to the Board of Directors for their guidance and trust in the management team, as well as to our valued stakeholders, shareholders, and partners for their continued confidence and cooperation in the progress of Simtex Industries PLC.

Additionally, I express my deep gratitude to the Bangladesh Securities & Exchange Commission (BSEC), the Dhaka Stock Exchange PLC (DSE), the Chittagong Stock Exchange PLC (CSE), the Registrar of Joint Stock Companies and Firms (RJSC), the National Board of Revenue (NBR), and the Central Depository Bangladesh Limited (CDBL), along with our valued shareholders, for their invaluable guidance, support, and cooperation during critical times.

Together, we look forward to a future of renewed growth, innovation, and shared prosperity.

Thank You.

# DIRECTORS' REPORT

Bismillahir Rahmanir Rahim

Dear Shareholders

## Assalamualaikum

On behalf of the Board of Directors of Simtex Industries PLC, I am honored to welcome you all to the 18th Annual General Meeting (AGM) of the Company. It is my privilege to present before you the Audited Financial Statements for the year ended June 30, 2025, together with the Auditors' Report and the Directors' Report thereon, in accordance with the provisions of the Companies Act, 1994, the Listing Regulations of Dhaka and Chittagong Stock Exchanges, the guidelines and directives issued by the Bangladesh Securities and Exchange Commission (BSEC), International Financial Reporting Standards, International Accounting Standards, and other applicable rules and regulations.

## Background

Simtex Industries PLC., was incorporated with the Registrar of Joint Stock Companies and Firms (RJSC) on May 29, 2007 and was converted to a Public Limited Company on November 15, 2012 under the Companies Act, 1994. The Company floated for Initial Public Offering of shares in July 2015 which was fully subscribed and issued. The Company was listed with Dhaka Stock Exchange Limited (DSE) on November 03, 2015 and Chittagong Stock Exchanges Limited (CSE) on 29 October 2015.

The authorized capital of the Company stands at Tk. 1,000 million, and the paid-up capital at Tk. 795.95 million. Simtex Industries PLC., specializes in the manufacturing of high-quality sewing thread for export-oriented readymade garments, operating as a 100% deemed exporter.

## Revenue

Simtex Industries PLC., is a 100% deemed exporter, engaged solely in the business of manufacturing of Sewing Thread used in the export-oriented garments industry. The Company recorded a turnover of Tk. 1,997.88 million during FY 2024–2025, reflecting a 19.96% increase compared to the previous year's turnover of Tk. 1,665.51 million. The Net Profit After Tax (NPAT) stood at Tk. 82.29 million for the year ended June 30, 2025.

The operating financial results of the Company for the year 2024-2025 as compared to previous year are summarized hereunder:

Particulars	2024-2025	2023-2024
Turnover	1,997,875,808	1,665,507,318
Gross Profit	353,563,327	290,049,271
Financial Expenses	76,269,372	68,375,474
Other Income	7,960,980	3,461,598
Net Profit Before Tax (NPBT)	110,857,695	84,809,333
Provision for Taxation	28,562,976	16,710,933
Net Profit After Tax (NPAT)	82,294,720	68,098,400
Gross Margin (Turnover)	17.70%	17.42%
Net Margin Before Tax	5.55%	5.09%
Net Margin After Tax	4.12%	4.09%
Earnings Per Share (EPS) BDT.	1.03	0.86
Number of Shares used to compute EPS	79,595,381	79,595,381

The company has been operating in the market for a long time with reputation and commitment. With long experience in sewing thread manufacturing, we are confident in our belief that we can retain our reputation as a quality manufacturer and one of the market leaders in this field.

## Segment Reporting

The Company operates in only a single segment, which is the manufacturing of Sewing Thread through the process of Dyeing & Conning/Winding, for export-oriented garment industries.

## Risk and concerns

Changes in global or domestic economic policies can have both positive and negative impacts on the Company. Any scarcity or price fluctuation of raw materials due to shifts in international trade strategies, global politics, or foreign exchange rates may increase production costs and reduce profitability. The Company's performance also depends on macroeconomic stability, inflation, and the overall political and economic environment—both in Bangladesh and abroad.

As garments remain Bangladesh's largest foreign currency earner, the sector has historically enjoyed government support and policy incentives. The sewing thread industry, being an essential backward linkage of the RMG sector, is expected to continue receiving similar priority and facilitation from policymakers in the future. Nevertheless, geopolitical tensions and recessionary trends in major export markets, especially in the Western economies, continue to create uncertainty for the RMG sector.

In this context, Simtex has adopted prudent operational strategies focusing on enhancing efficiency, maintaining strict cost control, and exploring new customer bases and export destinations to diversify its revenue streams. These challenges are expected to persist in the near term, exerting pressure on export demand and production costs.

In response to these challenges, Simtex has adopted a focused operational strategy to strengthen its resilience and sustain growth. The Company prioritizes operational efficiency, enhances productivity, and enforces strict cost control to remain competitive in a challenging market. Additionally, Simtex is actively expanding its customer base by exploring new opportunities and emerging export destinations, thereby diversifying revenue streams and reducing reliance on specific markets.

By reinforcing operational discipline and broadening its market reach, Simtex Industries PLC., remains confident in its ability to navigate global uncertainties and ensure long-term stability and growth.

## A comparative position on cost of goods sold, gross margin and net profit margin

Profit from Operation	2024-2025		2023-2024	
	Amount	Percentage	Amount	Percentage
Turnover	1,997,875,808	100%	1,665,507,318	100%
Cost of Goods Sold	1,644,312,481	82.30%	1,375,458,047	82.58%
Gross Profit	353,563,327	17.70%	290,049,271	17.42%
Net Profit for the year	82,294,720	4.12%	68,098,400	4.09%

During FY 2024–2025, the Company achieved steady growth in both sales and profitability. While the cost of goods sold increased proportionally with turnover, Simtex Industries PLC., maintained a consistent gross profit margin through operational efficiency, cost control, and process optimization. Despite market volatility and higher input costs, profitability remained stable, demonstrating the Company's dedication and strong market positioning.

## Discussion on scope of extraordinary gain or loss

Extraordinary gains or losses refer to infrequent and unusual gain or loss and which is not part of the Company's ordinary/day to day operations. As for the Company, there was no such gain or loss during the year under reporting.

## Related party transactions

All related party transactions have been disclosed in Note No. 38 of the audited financial statements for the year ended June 30, 2025.

## Significant variance of financial statements

During the financial year 2024-2025, operational revenue and other income increased reasonably, accompanied by proportional rises in operational, financial, and tax expenses. Despite this, Net Profit After Tax and Earnings Per Share (EPS) showed positive growth.

Sales and cash collection improved, though higher supplier and tax payments led to a decline in Net Operating Cash Flows Per Share (NOCFPS) compared to financial year 2023-2024.

For the financial year 2023-2024, NOCFPS has been rearranged from Tk. 4.94 to Tk. 4.27 due to reclassification of Bank charges, commission, and brokerage were moved from financial to administrative expenses, while collection, discrepancy, payment, and reminder charges were reclassified under selling expenses.

## Investment Planning

The Company continues to pursue a prudent investment plan focused on expanding capacity, enhancing productivity, and ensuring sustainable operations. All capital investments are made carefully in alignment with long-term business growth and shareholder value.

- i) The key operating and financial data for the last five years given at Page No. 37

### **Going Concern**

While approving the financial statements, the directors have made appropriate inquiries and analysis of the significant financial result, as well as other indicators for enabling them to understand the ability of the Company to continue its operation for a foreseeable period. Directors are convinced and have a reasonable expectation that the Company has adequate resources to continue its operation consistently for the foreseeable future. Therefore, the Company adopted the going concern basis in preparing the financial statements.

### **Significant deviation of Operating Result**

During the financial year 2024-2025, operational revenue and other income increased reasonably, accompanied by proportional rises in operational, financial, and tax expenses. Despite this, Net Profit After Tax and Earnings Per Share (EPS) showed positive growth.

Sales and cash collection improved, though higher supplier and tax payments led to a decline in Net Operating Cash Flows Per Share (NOCFPS) compared to financial year 2023-2024.

For the financial year 2023-2024, NOCFPS has been rearranged from Tk. 4.94 to Tk. 4.27 due to reclassification of Bank charges, commission, and brokerage were moved from financial to administrative expenses, while collection, discrepancy, payment, and reminder charges were reclassified under selling expenses.

### **Dividend Policy**

The Board of Directors has established a dividend policy, which forms the basis for the proposals on dividend payments that it makes to the Shareholders taking into consideration the business performance of the Company and its strategic initiatives. The Board believes that it is in the best interest of Simtex Industries PLC., to draw up a long-term and predictable dividend policy. The Board has approved the following dividend policy:

Important highlights of the Dividend Distribution Policy are as follows:

### **Procedure for payment of dividends**

Dividend would be recommended by the Board of Directors based on the Audited Financial Statements of the Company. All requisite approvals and clearances, where necessary shall be obtained before the declaration of dividend. Dividend shall be approved by the Shareholders at the Annual General Meeting (AGM) on the basis of recommendation of the Board of Directors, but no dividend shall exceed the amount recommended by the Directors. No dividend shall be paid from any source outside of the Company's Retained Earnings for the year, or any other unrealized profits. No dividend shall be declared out of the capital reserve account, or the revaluation reserve account, or any unrealized gain, or out of profit earned prior to the incorporation of the company, if any, or through reducing paid-up capital or through doing anything so that the post-dividend retained earnings become negative or a debit balance.

### **Final dividend**

The Board of Directors of the company shall recommend final dividend for the shareholders on the basis of annual audited financial statements and declare to the shareholders who shall be entitled to such dividend. The decision about recommending or not recommending final dividend and entitlement for such dividend, if recommended, shall be taken after considering the interim dividend already distributed and cannot be changed prior to holding of the AGM. In case of declaration of stock dividend for the year, the company shall explain the reason for declaring stock dividend and utilization of such retained amount as capital (stock dividend) shall be disclosed in the annual report.

### **Entitlement to dividend**

The Shareholders whose names would appear in the Register of the company and/or in the Depository participant (DP) on the 'Record Date' would be entitled to receive the dividend and would be eligible to join the AGM and entitled to receive the annual/final dividend.

### **Payment of dividend**

Simtex Industries PLC., shall pay off the final dividend to the entitled shareholders, within 30 (thirty) days from the date of approval by shareholders in AGM.

#### **Cash dividend**

Cash dividend shall be distributed in the following manner and procedures:

- Within one (1) day after the record date or one (1) day before the Annual General Meeting (AGM), Simtex Industries PLC., shall deposit an amount equivalent to the declared cash dividend payable for the concerned year into a separate bank account maintained by the Company.
- Simtex Industries PLC., shall pay off cash dividend directly to the bank account of the entitled shareholders as available in the BO account maintained with the depository participant (DP), or the bank account as provided by the shareholders in paper form, through Bangladesh Electronic Funds Transfer Network (BEFTN).
- Simtex Industries PLC., may pay off such cash dividend through bank transfer or any electronic payment system as recognized by the Bangladesh Bank, if not possible to pay off through BEFTN.
- Upon receiving the claim on cash dividend from a stock broker or a merchant banker or a portfolio manager for the margin client or customer who has debit balance or margin loan, or as per intention of the client of stock broker or merchant banker or portfolio manager, Simtex Industries PLC., shall pay off such cash dividend to the Consolidated Customers' Bank Account (CCBA) of the stock broker or to the separate bank account of the merchant banker or portfolio manager through BEFTN.
- In case of non-availability of bank account information or if not possible to distribute cash dividend through BEFTN or electronic payment system, SIMTEX shall issue cash dividend warrant and shall send it by post to the shareholders.

Simtex Industries PLC., shall maintain detailed information of unpaid or unclaimed cash dividend, as per BO account (number-wise or name-wise or folio number-wise) of the shareholders, and shall also disclose the summary of aforesaid information in the annual report and shall also report in the statements of financial position (Quarterly/annually) as a separate line item 'Unclaimed Dividend Account'. SIMTEX shall publish the year-wise summary of its unpaid or unclaimed cash dividend in the website.

#### **Stock dividend**

Simtex Industries PLC., shall credit stock dividend directly to the BO account or issue the bonus share certificate of the entitled shareholders, as applicable, within 30 (thirty) days of declaration or approval or record date, as the case may be, subject to clearance of the exchange(s) and the Central Depository Bangladesh Limited (CDBL). SIMTEX shall follow the provisions of Regulation 46 of the Depository Regulation, 2003 for issuance of bonus shares. SIMTEX shall maintain a Suspense BO Account for undistributed or unclaimed stock dividend or bonus shares and shall also follow the under mentioned procedures for ensuring the rightful ownership:

- Simtex Industries PLC., shall send at least 3 (three) reminders to the entitled shareholders.
- The Suspense BO Account shall be held under Block Module and such undistributed or unclaimed stock dividend or bonus shares shall not be transferred in any manner except for the purpose of allotting the bonus shares as and when the allottee approaches to the issuer.
- Any corporate benefit in terms of shares accrued on such undistributed or unclaimed stock dividend or bonus shares shall be credited to the Suspense BO Account.
- SIMTEX shall, upon receiving application from the allottee and after proper verification of identity and his entitlement, credit the bonus shares lying with the Suspense BO Account to the BO account of the allottee, or issue bonus shares to the allottee, as applicable, within 15 (fifteen) days of receiving application with an intimation to the Bangladesh Securities and Exchange Commission (BSEC) and Dhaka Stock Exchange Limited (DSE) and Chittagong Stock Exchange Limited (CSE).
- Any voting rights on such undistributed or unclaimed stock dividend or bonus shares shall remain suspended till the rightful ownership claim of the shareholders is established.

### Payment of unclaimed or unpaid cash dividend and stock dividend

Simtex Industries PLC., shall not forfeit any unclaimed cash dividend or stock dividend till the claim becomes barred by the law of land in force. SIMTEX shall follow the rules & regulations of the regulators issued from time to time regarding payment of unclaimed or unpaid cash dividend and stock dividend to the entitled shareholders. As per BSEC's requirements we have already transferred the unclaimed or unpaid dividend amount to the CMSF recently. A list of the shareholders by name has been uploaded to our company official website.

### Submission of dividend distribution compliance report

Simtex Industries PLC., shall submit a dividend distribution compliance report to BSEC, DSE & CSE in a specified format issued by the regulator(s) within stipulated time of completion of dividend distribution to the entitled shareholders.

# MANAGEMENT DISCUSSION AND ANALYSIS ON FINANCIAL POSITION AND PERFORMANCE

The COVID-19 pandemic marked one of the most challenging periods in recent history, significantly disrupting lives and economies across the globe. As the world gradually moved toward recovery and adjusted to a post-pandemic normal, new and continuing global conflicts—most notably the Russia–Ukraine war, the Palestine–Israel conflict, and escalating geopolitical tensions in the Middle East—have intensified uncertainty and volatility in the global economy. These crises have disrupted supply chains, driven up commodity prices, and placed additional pressure on international trade. In FY 2024–2025, Bangladesh, too, faced significant domestic challenges. Political instability, including episodes of civil unrest and frequent protests, has contributed to a strained business climate and weakened investor confidence. These factors, coupled with global economic headwinds, continue to weigh heavily on our national economic outlook. As we navigate this complex landscape, resilience, adaptability, and strategic foresight remain critical to sustaining growth and ensuring long-term stability.

Despite these external and internal pressures, Bangladesh's export revenue in the fiscal year 2023–2024, our export earnings amounted to USD 44,469.74 million. The export target for the current fiscal year 2024–2025 was set at USD 50,000.00 million. During the July–June period of the 2024–2025 fiscal year, the export earnings from the goods sector reached USD 48,283.93 million, which is 8.58% higher than the earnings of USD 44,469.74 million during the same period of the previous fiscal year. This achievement also represents 96.57% of the set export target of USD 50,000.00 million.

An analysis of major product-based exports shows that, during the July–June period of the 2024–2025 fiscal year, a total of eight product sectors—woven garments, knitwear, home textiles, frozen and live fish, agricultural products, jute and jute goods, leather; leather products; and footwear, and engineering products—generated export earnings of USD 44,167.84 million, which accounted for 91.48% of the total export earnings. The sector showing strong performance despite global uncertainties. The diversification of export markets has been a key driver behind the success of the RMG sector during this fiscal year.

Over the past five fiscal years, Simtex Industries PLC., has experienced moderate yet steady sales growth. Our focus on recovery and operational efficiency has allowed us to maintain positive sales and net profit performance. Moving forward, we remain committed to continuing this upward trajectory. We have seen improvements in our collections from receivables, and management is focused on further enhancing net operating cash flows. Our financial performance has demonstrated consistent improvement, with key financial indicators showing positive trends year-on-year. As we continue to build on these gains, we remain optimistic about the future and committed to sustaining our growth.

Simtex Industries PLC., is exposed to both inflationary pressures and foreign exchange risks, given our position as an importer and exporter. To mitigate the impact of foreign exchange volatility, we have implemented effective risk management strategies. Regarding inflation, we actively manage this risk through price adjustments and other tactical measures, ensuring that we remain competitive and resilient in a challenging economic environment.

# RISK MANAGEMENT & SUSTAINABILITY ANALYSIS

Every business and organization faces certain risks, which may lead to unexpected and adverse events resulting in financial losses or, in extreme cases, operational shutdown. Effective risk management strengthens the Company's ability to achieve its business targets, maintain market share, optimize procurement, manage finances, and fulfill social objectives, while ensuring compliance with legal and regulatory requirements. In doing so, it helps protect and enhance shareholder value.

Simtex Industries PLC., is exposed to a variety of risks inherent in carrying out its business activities. The Company's risk management process enables management to identify, assess, and address these risks in an informed, controlled, and transparent manner. Simtex is committed to managing business risks to an acceptable level, thereby maximizing opportunities while minimizing potential adverse impacts.

The Board of Directors of Simtex Industries PLC., has overall responsibility for risk management. While the Board approves and reviews the Company's risk management policies and strategies, the management is responsible for implementing procedures to execute these policies and strategies. The risks to which the Company is exposed, and the methods adopted to manage them, are discussed below:

## (A) Industry Risk and Concentration of Industry Risk

### 1) Market Demand

Market risk arises when there is a decline in market demand. The Company's sales and revenues are dependent on the overall demand for its products. Any economic downturn, changes in customer requirements, or international factors may adversely affect the demand for the Company's products, potentially impacting its financial performance.

### **Management Perception**

The strong brand loyalty of the Company's products has enabled Simtex Industries PLC to capture a significant market share in its sector. Additionally, the Company continues to expand its market presence and enhance product quality, thereby mitigating potential market risks.

#### **1) Competition and Globalization Effects**

Simtex Industries PLC., operates in a free-market economy and is exposed to intense competition from both local and international players. The easy availability of global products in the local market further heightens competition, posing challenges to the Company's profitability.

### **Management Perception**

Bangladesh is the prime source of cheapest labor in the world, gaining comparative advantages for its industries over their global competitors. Other overhead costs are also low in Bangladesh. As a result, the Company has been able to maintain its cost of products as most competitive. Moreover, over the last few years the Company has built a trustworthy relationship with its customers which helps the Company avoid competition with others.

#### **2) Raw Materials and Energy Costs**

Instability in raw material and energy costs can significantly impact the Company's profitability. For instance, last year's government decision to increase gas prices has placed considerable pressure on production costs for local businesses.

### **Management Perception**

The management believes that effective inventory management, proper sourcing and timing, adherence to economic order quantities, and efficient utilization of credit facilities can help reduce procurement costs. For gas and power, Simtex Industries PLC., operates independently, ensuring low-cost energy and an uninterrupted production process.

#### **3) Raw Materials and Energy Costs**

Instability in raw material and energy costs can significantly impact the Company's profitability. For instance, last year's government decision to increase gas prices has placed considerable pressure on production costs for local businesses.

### **Management Perception**

The management believes that effective inventory management, proper sourcing and timing, adherence to economic order quantities, and efficient utilization of credit facilities can help reduce procurement costs. For gas and power, Simtex Industries PLC., operates independently, ensuring low-cost energy and an uninterrupted production process.

## **(B) Market and Technology-Related Risks**

### **1) Market risks**

Market risks refer to the potential impact of adverse market conditions on the Company's sales and profitability. Examples include shortages in raw material supplies, inefficiencies in labor availability, and declines in product demand, all of which reflect challenging external and internal business environments. Such risks may hinder the Company's ability to achieve its business objectives.

### **Management perception**

The Company operates in the backward linkage segment of the Garments Sector in Bangladesh. Its primary product, sewing thread, is ultimately consumed by garment manufacturers, who export their finished goods to international markets. Simtex Industries PLC serves several world-renowned brands as its end consumers.

### **2) Technology risks**

Technology risks arise from rapid advancements that may render existing technology obsolete or reduce its cost efficiency compared to competitors. New entrants adopting more advanced or sophisticated technologies can pose a threat to the Company's operational efficiency and competitive position.

### **Management perception**

The plant and machinery installed in the Company's manufacturing facility, imported from world-renowned brands, are efficient and cost-effective. The management remains vigilant of emerging technological changes to ensure that the Company stays competitive and up-to-date.

### **(C) Interest Rate Risks**

The Company is exposed to fluctuations in market-wide interest rates on bank loans. Interest rates on short-term and long-term loans may vary over time due to several macroeconomic and market-driven factors, including inflationary pressures, increased demand for bank loans, volatility in the money market, restrictive monetary policies, and higher government borrowing from the banking sector. Any increase in interest rates beyond the Company's expectations could adversely affect its cash flow, profitability, and, ultimately, the value of its shares.

#### **Management Perception**

The management of Simtex Industries PLC., places strong emphasis on financial management to maintain an optimal capital structure, ensuring that the cost of capital remains minimal. Long-term funding is procured at the lowest possible fixed interest rates, while short-term funding is arranged at reasonable and competitive rates.

### **(D) Exchange Rate Risks**

A business engaged in overseas transactions may face potential losses due to fluctuations in foreign currency rates. These losses may increase as the Bangladesh Taka consistently trends downward against other foreign currencies, and vice versa.

#### **Management Perception**

Simtex Industries PLC., conducts its foreign transactions in US Dollars for both exports and imports. When the value of the functional currency fluctuates, exchange rate gains or losses on exports are naturally offset by the corresponding gains or losses on imports. Because the value of exports consistently exceeds the value of imports, these transactions create a net foreign currency balance.

### **(E) Operational Risks**

Possible failures in human resources, breakdowns in production systems, inefficient internal control procedures, and, most importantly, the risks associated with being a first mover in the industry may cause the Company's venture to be unsuccessful.

#### **Management perception**

Simtex Industries PLC., has several key experts in the field who possess both academic and practical knowledge and are highly trained. We also provide on-the-job training so employees can continuously improve and refine their skills. Most importantly, Simtex Industries PLC., has procured the latest technology and world-renowned machinery for its plant to ensure smooth production operations. Finally, our research team is dedicated to continuously improving our products to meet customer demand effectively.

### **(F) Other Risk Factors**

The Company may be exposed to other risk factors such as:

- a) potential or existing government regulations,
- b) possible changes in global or national policies,
- c) political unrest,
- d) natural climatic conditions, and
- e) a possible slowdown in Bangladesh's economic growth.

The significant risks related to the Company's business are regularly reviewed, monitored, and reported, and appropriate mitigating measures are evaluated by the Board and Management.

# SUSTAINABILITY REPORTING

Sustainability is a balancing act that focuses on avoiding harm to the environment and preventing the depletion of natural resources, thereby supporting long-term ecological balance. Sustainable development is a dynamic process that enables people to realize their potential and improve their quality of life while simultaneously protecting and enhancing the Earth's life-support systems.

Simtex Industries PLC views sustainability as a continuous improvement process that positively influences public perception and enhances financial performance. The Company is committed to keeping stakeholders and the general public informed about the development of its sustainability initiatives and progress, ensuring they remain updated on these important activities.

We recognize the importance of our role in creating truly sustainable products. We embrace our responsibility—as a Company, as a leader, and as an innovator—to contribute to a brighter future for all. Drawing on our legacy of stewardship, we continue to forge new paths toward a future where people are healthy and well-nourished, and where ecosystems are responsibly utilized to support global needs for energy, chemicals, and other resources. Although there is still much to accomplish, we believe we are already contributing meaningfully to that future.

Simtex Industries PLC, based on our sustainability management system, is committed to transparent reporting of our activities and goals to create value for both the Company and its stakeholders.

## Environment

As Simtex Industries PLC., always operates with high ethical standards, the Company is committed to environmental excellence. It adopts innovative concepts and eco-friendly technologies that reduce environmental impact and help preserve biodiversity.

## Employees

Simtex provides equal employment opportunities to employees at all levels and recruits individuals who are well-qualified and committed to the Company. It fosters a congenial working environment where every individual can be fully integrated and utilize their potential to achieve organizational targets. Simtex Industries PLC.'s Code of Conduct provides the framework to support this approach.

### **Associates**

To protect human rights, Simtex Industries PLC., is committed to upholding internationally accredited employment and social standards for all its associates, while complying with local and national environmental laws to actively contribute to environmental protection. We believe it is in our collective best interest to support their capacity development so they can contribute to a sustainable future.

### **Products**

To meet the highest expectations of consumers, Simtex Industries PLC., manufactures and delivers world-class, top-quality, safe products, thereby upholding sustainability.

### **Society**

By embracing social responsibility as a commitment to the community and contributing to social development, Simtex provides comprehensive support to the society's most vulnerable areas.

As the Company is highly committed to sustainability, it has developed the following sustainability strategies:

- Risk Management
- Personnel Development
- Environmental Protection
- Occupational Safety
- Social Causes Programs
- Health Protection and Stakeholder Interests

Simtex Industries PLC., consistently strives to implement these strategies through the following sustainability management initiatives:

- Corporate Social Responsibility (CSR)
- Environment-Related Initiatives
- Environmental and Social Obligations
- Integrated Reporting

# ENVIRONMENTAL AND SOCIAL OBLIGATIONS

Today, our planet is running out of resources, as it no longer has the natural capacity to compensate for humanity's ecological footprint.

Every business impacts the environment. To minimize negative effects, certain legal obligations must be followed. These requirements are relatively straightforward for any business, including workplaces.

It helps minimize the likelihood of environmental problems and reduces the costs of unnecessary waste and damage, while strengthening the Company's image and helping us gain a competitive advantage.

Environmental protection legislation is continually being reviewed both locally and internationally. To comply with the updated regulations, we consistently adhere to the following environmental obligations:

- Reduction of Natural Resource Consumption:** We minimize energy and water usage within our premises and processes to conserve resources and reduce overall consumption.
- Water Treatment Plant Usage:** To prevent environmental hazards, the factory uses a water treatment plant to purify wastewater and mitigate any potential pollution.
- Responsible Goods Procurement:** We prioritize purchasing products and services that minimize environmental impact for our daily operational needs.
- Pollution Prevention Practices:** We adopt practices that prevent pollution and conserve natural resources.
- Equipment Life Extension:** To extend the lifespan of equipment, we implement preventive maintenance schedules, refurbish used equipment, and make strategic purchases.
- Sensitive Equipment Monitoring:** We regularly monitor sensitive equipment, prevent and repair leaks, and maintain records to ensure optimal operation and environmental safety.

In addition, we regulate work includes disposing, maintaining, servicing and dismantling the disposal, maintenance, servicing and dismantling of refrigerators, freezers, air-conditioning equipment's and heat pumps as well as decommissioning of fire protection equipment and extinguishers.

Environmental compliance has become a fundamental requirement for businesses, and risk management training is an effective way to understand all aspects of environmental compliance. Accordingly, Simtex Industries PLC., organizes several training and certification programs on risk management.

Exceeding environmental obligations not only helps avoid penalties for non-compliance but also creates opportunities for substantial cost savings. Simtex Industries PLC., recognizes such savings by reusing, recycling, and reprocessing materials that would otherwise be discarded as waste.

To strengthen our reputation as a responsible corporate entity, we ensure that our headquarters, factory, and subsidiary companies operate in full alignment with all environmental guidelines.

Moving forward, we remain committed to upholding the highest environmental and social standards to establish Simtex Industries PLC., as a green leader in the industry.

## SIMTEX INDUSTRIES PLC.

UPHOLDING THE HIGHEST ENVIRONMENTAL AND SOCIAL STANDARDS

# ENVIRONMENT RELATED INITIATIVES

The modern world is changing rapidly. Over time, we have become increasingly dependent on technology, which has both positive and negative impacts on our lives. While new ideas and technologies contribute to human wellbeing, sometimes humans engage in activities that harm ecological systems, the atmosphere, and even our health. Recognizing the importance of a sustainable planet, Simtex Industries PLC., continuously strives to promote environmental preservation and pollution control through the following green initiatives:

### Environmental Priority

Simtex Industries PLC., integrates environmental concerns and their impact into decision-making and ensures they are considered during the execution of activities.

### Environment-Friendly Office

We provide environment-friendly office equipment, information, and solutions that are appreciated by our clients and supported by our employees, contributing to the preservation of the ecosystem.

#### Minimizing Energy and Water Usage

We are committed to fulfilling our social responsibilities by minimizing the use of energy and water within our premises and factories. This helps conserve resources, reduce waste, and lower costs, and reduce the wastage & cost as well.

#### Eco-Friendly Office Equipment

We select computers, monitors, printers, fax machines, copiers, and other office equipment with a focus on functionality, cost-effectiveness, and eco-friendliness.

#### Switching Off Electronics Devices after Finishing Tasks

The Company's employees are highly conscientious, strictly following the practice of turning off computers, monitors, printers, copiers, lights, and the main switch at the end of each workday, which also helps prevent potential hazards.

#### Email Correspondence

We usually prefer using email instead of sending memos and faxing documents for reducing time and papers.

#### Paperless Office

We are trying to set up a paperless office.

#### CNG Converted Vehicles

Most of the company's vehicles, including the pool cars used for transportation, have been converted to CNG to reduce both air pollution and costs.

#### Energy Savings Bulbs

We have already installed energy-saving bulbs throughout the office premises and factory to minimize power and electricity consumption.

# REPORT ON GOING CONCERN

Day by day, businesses are becoming more competitive and challenging. Every company must assess its ability to continue as a going concern.

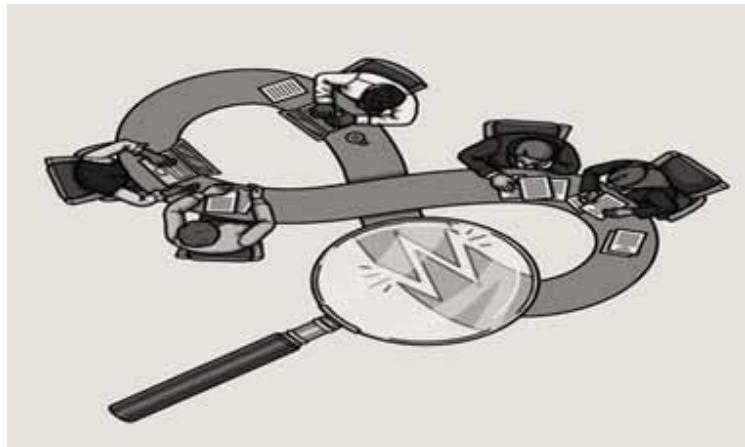

Going concern is a fundamental accounting concept used in preparing a company's financial statements. It assumes that a company will continue its operations and has no intention or need to liquidate or cease trading. This assumption indicates that the business intends to operate for at least the next year, which forms the basis for preparing its financial statements.

The purpose of this going concern statement is to combine the requirements of company law, accounting standards, and listing rules related to going concern.

The Board of Directors of Simtex Industries PLC., has evaluated whether any material uncertainty exists that may cast significant doubt on the company's ability to continue as a going concern.

The Directors assessed the Company's status as a going concern by making appropriate inquiries, including reviewing the budget and the expected outcomes of inherent business risks.

Considering the following major indicators, the Board of Simtex has concluded that the financial statements for the year ended June 2025 have been prepared based on the going concern assumption.

## FINANCIAL INDICATIONS

### Positive Net Current Assets

SIMTEX has positive net current assets of Tk. 704 million as of June 30, 2025. This indicates the Company's ability to meet its short-term obligations using its short-term assets.

### Fixed Term Debt with Realistic Renewal or Repayment

Based on our past experience, it can be said that there is a strong possibility that a major portion of the short-term debt (used for working capital) will be renewed or can be repaid from cash flows.

### Less Reliance on Short Term Borrowing/Current Liabilities

At the end of the financial year 2024–2025, the company's total short-term borrowings and current liabilities were Tk. 717 million, representing only 27.42% of total equity and liabilities. This indicates that the company has a low reliance on short-term borrowings.

### Continuous Financial Support by Lenders/Valued Investors

The Company has a strong track record and reputation for settling its obligations with lenders, investors, and clients. As a result, we enjoy easy and fair access to funding sources to meet our growing needs.

### Positive Key Financial Ratios

The Company's financial ratios indicate strong financial health and good prospects, as evidenced by the financial synopsis presented in the Annual Report.

### Consistent Payment of Dividends

The Company has been paying dividends consistently to its shareholders for many years. The financial highlights included in this Annual Report demonstrate the Company's stability and long-term commitment to dividend payments. Since its listing, the Company has paid cash dividends every year, reflecting its long-term operational viability. The Company began paying cash dividends from the time it was listed on the stock exchanges.

### Credibility in Payment of Obligations

Simtex has strong credibility in meeting its obligations to lenders and investors. The Company strictly complies with all loan agreement terms and has never defaulted.

### Performance Growth

Simtex Industries PLC., maintained sustainable operational performance. The Company's gross profit, operating profit, and net profit were all positive during the reporting period. Gross profit, operating profit, and net profit were BDT 353.56 million, BDT 183.55 million, and BDT 82.29 million respectively. These indicators support the Company's ability to continue in the foreseeable future.

## OPERATING INDICATIONS

### Key Management Turnover

During the year 2024–2025, the Company experienced only a nominal employee turnover. There were no significant changes in key management positions. Employees maintain strong communication and long-term loyalty toward the Company.

### World Class Product

Over the years, SIMTEX has become a trusted partner for its reputed buyers, continuously developing products and keeping up with current trends through its premium, world-class offerings. Its unique features and specifications make SIMTEX stand out to international buyers.

### Good Market Reputation and Clients' Satisfaction

Gradually, the Company has built a strong market reputation and high client satisfaction by offering products with varied specifications, compositions, colors, and superior quality, and delivering them to clients in a professional and expert manner. As a result, it has established itself as the largest national industrial sewing thread manufacturer in Bangladesh and a major player in the textiles market.

### Corporate Environment and Employee Satisfaction

SIMTEX fosters a very positive corporate environment. It is an excellent workplace with a friendly atmosphere that encourages easy and comfortable communication among employees, keeping them motivated and happy. The Company is committed to honesty and fair treatment for all employees, which helps maintain a strong corporate culture. SIMTEX offers a competitive compensation package, including numerous employee benefits such as festival bonuses, provident fund, worker profit participation fund, incentive and production bonuses, transportation facilities, group insurance, and more.

## OTHER INDICATIONS

### Maintenance of Sufficient Capital

As of 30 June 2025, the Company's total equity stands at BDT 1,785 million, compared to BDT 1,782 million as of 30 June 2024. The paid-up capital of the Company as of the reporting date is BDT 795.95 million. The Board has recommended a 10% cash dividend for the year 2024–25. This position reflects the Company's ability and intention to continue operations in the foreseeable future and demonstrates its long-term vision.

### Satisfactory Credit Rating

Simtex Industries PLC., has been assigned a long-term credit rating of 'A' and a short-term credit rating of 'ST-3' by Credit Rating Information & Services Limited (CRISL), based on audited financial statements, bank liability position, and other available information up to the date of the rating declaration.

CRISL has reaffirmed the Long Term rating to 'A' (pronounced as single A) and the Short Term rating to 'ST-3' of Simtex Industries PLC ('SILPLC') based on its financials and both relevant qualitative and quantitative information available at the time of the rating. The above ratings have been reassigned due to consistent maintenance of some fundamentals such as equity based capital structure, good financial performance, regular loan repayment status, good infrastructure facilities and experienced management team etc. However, these strengths are somewhat offset by moderate production capacity utilization, moderate operating efficiency, exposure to price fluctuation risk, energy price hike risk, wages escalation risk etc.

The Long Term rating implies that entities rated in this category are adjudged to offer adequate safety for timely repayment of financial obligations. This level of rating indicates a corporate entity with an adequate credit profile. Risk factors are more variable and greater in periods of economic stress than those rated in the higher categories. The Short Term rating indicates good certainty of timely payment. Liquidity factors and company fundamentals are sound. Although ongoing funding needs may enlarge total financing requirements, access to financial markets is good with small risk factors.

CRISL also views the company with "Stable Outlook" for its steady business growth and consistent fundamentals and believes that the company will be able to maintain its fundamentals with the same trend in foreseeable future.

# Independent Auditors' Report

## To The Shareholders of Simtex Industries PLC.

### Report on the Audit of the Financial Statements

#### Opinion

We have audited the financial statements of Simtex Industries PLC. (the 'Company'), which comprise the statement of financial position as at 30 June 2025, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements give true and fair view of the financial position of the Company as at 30 June 2025, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs).

#### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

The key audit matters are discussed below, together with an explanation of how the risk and our audit response were tailored to address these specific areas.

<b>Property, plant and Equipment</b>	
<b>See note no. 3.00 to the financial statements.</b>	
<b>The key audit matter</b>	<b>How the matter was addressed in our audit</b>
<p>The carrying value of the PPE amounted to Tk. <b>1,167,077,409</b> as at 30 June 2025.</p> <p>There is a risk of:</p> <ul style="list-style-type: none"><li>• Determining which costs meet the criteria for capitalization;</li><li>• Determining the date on which the assets are recognized as property, plant and equipment and depreciation commences;</li><li>• The estimation of economically useful lives and residual values assigned to Fixed assets.</li></ul> <p>We identified the carrying value of property, plant, and equipment as a key audit matter because of the high level of management judgment involved and because of its significance to the financial statements.</p>	<p>Our audit procedures to assess the carrying value of property, plant, and equipment included the following:</p> <ul style="list-style-type: none"><li>• We assessed whether the accounting policies in relation to the capitalization of expenditures are in compliance with IFRS and found them to be consistent.</li><li>• We obtained a listing of capital expenditures incurred during the year and, on a sample basis, checked whether the items were procured based on an internal purchase order that had been properly approved by the responsible individuals.</li><li>• We inspected a sample of invoices and L/C documents to determine whether the classification between capital and operating expenditure was appropriate.</li><li>• We evaluated whether the useful lives determined and applied by the management were in line with historical experience and the market practice.</li><li>• We checked whether the depreciation of PPE items was commenced timely manner, by comparing the date of the reclassification from capital in progress to make it ready for use, with the date of the completion of the work.</li></ul>

## Revenue Recognition

**See note no. 23.00 to the financial statements.**

<b>The key audit matter</b>	<b>How the matter was addressed in our audit</b>
<p>The Company has reported sales revenue of Tk. 1,997,875,808.</p> <p>All of the Company's sales are made under a sales invoice or, delivery challan. Its products primarily comprise the sale of sewing thread. Revenue is recognized at the point of delivery from the Factory.</p> <p>We identified revenue recognition as a key audit matter because revenue is one of the key performance indicators of the Company, and therefore, there is an inherent risk of manipulation of the timing of recognition of revenue by management to meet specific targets or expectations.</p> <p>As all sales are translated from USD currency to BDT, there is a risk that foreign exchange gain/loss might not be correctly recognized in the Financial Statements.</p>	<p>We have tested the design and operating effectiveness of key controls, focusing on the following:</p> <ul style="list-style-type: none"> <li>• We assessed the appropriateness of revenue recognition accounting policy in line with IFRS 15 "Revenue from contracts with customers".</li> <li>• Tested the internal control over financial reporting. We also assessed the existence and accuracy of the sales recorded.</li> <li>• We performed analytical tests to understand how the revenue has trended over the year, among other parameters. We performed a detailed substantive testing on transactions around the year-end to ensure revenues were recognized in the correct accounting period. We also tested journal entries focusing on sales transactions.</li> <li>• Verified VAT return with General Ledger.</li> <li>• We obtained supporting documents for sales; transactions recorded during the year.</li> <li>• Finally assessed the appropriateness and presentation of disclosures against relevant accounting standards.</li> </ul>

## Valuation of Receivables

**See note no. 5.00 to the financial statements.**

<b>The key audit matter</b>	<b>How the matter was addressed in our audit</b>
<p>The Company has accounts receivable of Tk. 955,796,640 as at 30 June 2025 from which an amount of Tk. 56,354,280 represents Inland Bill Purchase, which has been deducted to arrive at the net accounts receivable balance of Tk. 899,442,360.</p> <p>Accounts receivable of the Company comprise mainly receivables regarding the sale of yarns, which are secured by a Letter of Credit (L/C).</p>	<p>Our substantive procedures in relation to assessing the valuation of receivables comprise the following:</p> <ul style="list-style-type: none"> <li>• Obtained a list of outstanding receivables.</li> <li>• Reconciliation of receivables ageing to the general ledger.</li> <li>• Conducting cut-off testing at the year-end.</li> <li>• Reviewing the subsequent receipt of receivables balance.</li> </ul>

## Valuation of Inventories

**See note no. 8.00 to the financial statements.**

<b>The key audit matter</b>	<b>How the matter was addressed in our audit</b>
<p>The amount of inventory is Tk. 209,897,778 as at 30 June 2025, which amounted to 8.03% of the total assets. As per IAS 2, inventories are required to be valued at the lower of cost and net realizable value. Cost of inventories includes purchase cost and cost incurred in bringing inventories to their present location and condition. IAS 2 specifically prohibits certain costs from being excluded from the cost of inventories.</p>	<p>We obtained assurance over the relevance and appropriateness of management's assumptions applied in calculating the value of the inventories by:</p> <ul style="list-style-type: none"> <li>• We observed the Company's year-end inventory count, performed test counts, and reconciled count sheet records to the inventory valuation report to verify the existence of inventories reported in the accounts.</li> </ul>

<p>Simtex Industries PLC. values its inventories using the weighted average method, which is a complex process and prone to errors and manipulation. Due to the complex nature of accounting for inventories, there is an increased risk of misstatement in the valuation of inventory items.</p>	<ul style="list-style-type: none"> <li>• We tested the purchase costs of a sample of inventory items by inspecting invoices.</li> <li>• We assessed the components of the costs included within inventory items to ensure that they conform to the requirements of IAS 2;</li> <li>• We assessed the movement of inventories and analyzed whether closing inventories were valued using the weighted average method.</li> <li>• Testing, on a sample basis, the stock expiry dates and the market price used in assessing the net realizable values of inventories of the related supporting documents; and</li> <li>• Comparing the net realizable value, obtained through a detailed review of sales after the year-end, to the cost price of a sample of inventories.</li> </ul>
<p>IAS 2 defines inventories as assets which are: (a) held for sale in the ordinary course of business, (b) in the process of production for such sale, (c) in the form of materials or supplies to be consumed in the production process or rendering of services. There was therefore a risk that assets that do not meet the definition of inventories have been improperly classified as inventory items.</p>	

#### **Measurement of deferred tax liability**

**See note no. 15.00 & 30.00 to the financial statements.**

The key audit matter	How the matter was addressed in our audit
<p>The net deferred tax liability is Tk. 59,497,418 as at 30 June 2025.</p> <p>Significant judgment is required in relation to deferred tax liabilities as it is dependent on forecasts of future profitability over a number of years.</p>	<p>We carried out the following substantive testing for this item</p> <ul style="list-style-type: none"> <li>• We checked deferred tax expenses and liabilities in the financial statements and calculations, and records.</li> <li>• We obtained an understanding, evaluated the design, and tested the operational effectiveness of the controls over the recognition and measurement of deferred tax liabilities and the assumptions used in estimating the Company's future taxable income.</li> <li>• We involved tax specialists to assess key assumptions, controls, recognition, and measurement of deferred tax liabilities.</li> <li>• We also assessed the appropriateness of presentation of disclosures against IAS-12 income tax.</li> </ul>

#### **Bank Loan**

**See note no. 13.00, 17.00 & 18.00 to the financial statements.**

The key audit matter	How the matter was addressed in our audit
<p>The Company reported a long-term loan net off the current portion of Tk. 53,390,570, Current portion of long-term loan of Tk. 71,128,331 and a short-term loan of Tk. 544,859,668, respectively, in the statement of financial position at the reporting date.</p> <p>The above borrowing was considered as key audit matter because this external form of credit facilities availed by the Company required fulfillment of several terms and conditions as mentioned in the sanction letter issued by the lending bank. Any non-compliance with those stipulated terms and conditions might result in subsequent withdrawal and pose a threat to the ongoing operation of the Company. Besides, the risk of material misstatement also lies due to the non-disclosure of all those terms and conditions in the financial statements.</p>	<p>Our substantive audit procedures adopted during the audit include the following tests or details.</p> <ul style="list-style-type: none"> <li>• Inspecting relevant board minutes in support of bank loan reported in the financial statements;</li> <li>• Tracing the existence and completeness of reported borrowings with supporting evidence such as sanction letters, loan certificates, and statements.</li> <li>• Sending out and obtaining confirmation from the lenders.</li> <li>• Recalculating and testing the accuracy and completeness of finance costs charged by the Company during the year, with corresponding loan statements provided by the bank.</li> </ul>

**Other Information:**

Management is responsible for the other information. The other information comprises all of the information in the Annual Report but does not include the financial statements and our auditor's report thereon. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. When we read the annual report, if we conclude that there is a material misstatement therein we are required to communicate the matter to those charged with governance of the company.

**Responsibilities of Management and Those Charged with Governance for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

**Auditor's Responsibilities for the Audit of Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. However, the documentation process needs to be strengthened further.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest/benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

In accordance with the Companies Act 1994 and the Securities and Exchange Rules 2020, we also report the following:

- a) we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for our audit and made due verification thereof;
- b) in our opinion, proper books of accounts as required by law have been kept by the Company, and so far, as it appeared from our examination of these books;
- c) the statement of financial position and statement of profit or loss and other comprehensive income dealt with by the report are in agreement with the books of account; and
- d) the expenditure incurred was for the Company's business.

#### 2.04 Going Concern:

This financial statements have been prepared on the assumption that the entity is a going concern and will continue its business for the foreseeable future. Hence, it is assumed that the entity has neither the intention nor the need to liquidate or curtail materially the scale of its operation.

The company has adequate resources to continue its operation for the foreseeable future. As such, the directors intended to adopt the going concern basis in preparing the financial statements. The current credit facilities and resources of the company provide sufficient fund to meet the present requirements of its existing business.

**2.05 Accrual Basis:**

The financial statements have been prepared, except cash flow information using the accrual basis of accounting

**2.06 Changes in Accounting Policies & Estimates:**

The preparation of these financial statements is in conformity with IAS/IFRS which requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, and expenses. Estimates and underlying assumptions are reviewed a going basis.

The estimates and underlying assumptions are based on past experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

In Particular, significant areas of estimation uncertainty and the critical judgment in applying accounting policies that have the most significant effect on the amount recognized in the financial statements are income tax provision (Both current and deferred tax), depreciation and other provisions.

**2.07 Cash Flow Statement:**

Cash flow statement is prepared in accordance with IAS-7 "Statement of Cash Flows" and the cash flow from the operating activities have been presented under direct method considering the provisions of Paragraph 19 of IAS-7 which provides that "Enterprises are Encouraged to Report Cash Flow from Operating Activities Using the Direct Method". A reconciliation of net profit with cash flows from operating activities making adjustment for non-cash items, for non-operating items and for the net changes in operating accruals is disclosed.

**2.08 Property, Plant, Equipment and Depreciation:**

As per IAS-16, Property, plant and equipment are stated at their historical cost less accumulated depreciation. No depreciation has been charged on the Land and on the Capital work in progress. The cost of acquisition of an asset comprises of its purchase price and any directly attributable cost of bringing the asset to its working condition for its intended use inclusive of inward freight, duties and non- refundable taxes.

Depreciation has been charged on Property, Plant and Equipment under reducing balance method and depreciation has been charged on addition of assets during the year when it is put in to available for use.

Depreciation of an asset ceases at the earlier if the date that the asset is classified as held for sale (or included in a disposal company that is classified as held for sale) on accordance with IFRS-5 and the date that the assets are derecognized.

The annual rates of depreciation applicable to the principal categories of fixed assets are:

<u>Kind of assets</u>	<u>Rate of Depreciation</u>
a) Land & Development	0%
b) Building & Fabricated Shade	10%
c) Plant & Machinery	10%
d) Trolley	10%
e) Gas and Electrical Line	10%
f) Electrical Equipment	10%

k) Office Equipment	10%
l) Shade Book	15%
m) Int. Panton Book	15%
n) Air Condition & Humidification	10%
o) Crockeries	10%
p) Software	20%

**Subsequent Cost:**

The cost of replacing or upgrading part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the company and its cost can be measured reliably. The costs of the day-to-day servicing of property, plant, and equipment are recognized in profit or loss.

**Disposal of Fixed Assets:**

On disposal of fixed assets, the cost and accumulated depreciation are eliminated and gain or loss on such disposal is reflected in the statement of profit or loss, which is determined with reference to the net book value of the assets and net sales proceeds.

**2.09 Revaluation of Property, Plant and Equipment (Land):**

Land of the company was revalued and certified by the valuer M/S Ata Khan & Co. Chartered Accountants in their valuation report dated December 31, 2012 and accordingly account for by the company. The Board of Directors of the company has approved the valuation report to incorporate in the accounts dated December 31, 2012.

**2.10 Investment in Securities:**

Investment in quoted shares initially recognized at cost plus transaction costs that are directly attributable to the acquisition of the shares. After initial recognition, investment in quoted shares revalue at market value at reporting date.

**2.11 Revenue Recognition:**

In accordance with the provisions of the IFRS-15 "Revenue from Contracts with Customers"; revenue from contracts with customers represents the amount that reflects the considerations to which entity expects to be entitled in exchange for goods supplied and service provided to customers during the period. Revenue from contracts with customers is recognized in the statement of Profit or Loss and Other comprehensive income when the performance obligation (supply of promised goods and services) is satisfied. Performance obligation is satisfied at a point in time when customer obtains the control of goods and services.

Revenue from the sale of goods is recognized when all the following conditions are satisfied:

- a. The company has transferred to the buyer the significant risks and rewards of ownership of the goods;
- b. The company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- c. The amount of revenue can be measured reliably;
- d. It is probable that the economic benefits associated with the transaction will flow to the company; and
- e. The cost incurred or to be incurred in respect of the transaction can be measured reliably.

**2.11.1 Other Income:**

It is recognized on accrual basis.

**2.12 Impairment:**

In accordance with the provision of IAS-36 "Impairment of Assets" the carrying values of all non-current assets are reviewed for impairment, either on a stand-alone basis or as part of a larger cash generating unit, when there is an indication that the assets might be impaired. Any provision for impairment is charged to the profit or loss statement in the year concerned. No such indication of impairment has risen till the date of audit.

**2.13 Financial Instrument:**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

**Accounts Receivable:**

These are carried forward at their original invoiced value amount and represents net realizable value. Management considered the entire bills receivable as good and is collectable and therefore, no amount was provided for as bad debt in the current year accounts.

**Accounts payable and other payable:**

These liabilities are recorded at the amount payable for settlement in respect of goods and services received by the company.

**Cash and cash equivalents:**

Cash and bank balances comprise cash in hand and cash at bank which are held and available for use by the company without any restriction.

**Borrowings:**

Interest bearing bank loans and overdrafts are recorded at the proceeds received net of direct issue costs. Finance charges are accounted for on an accrual basis.

**Derivative**

According to IFRS-7, "Financial Instruments Disclosures" the company was not a party to any derivative contract (financial instruments) at the Balance Sheet Date, such as forward exchange contracts, currency swap agreement or contract to hedge currency exposure related to import of capital machinery to be leased to lessees in future.

**Non-Derivative**

Non-derivative financial instruments comprise of accounts and other receivable, borrowings and other payables and are shown at transaction cost as per IAS-39 "Financial Instruments: Recognition and Measurement".

**Financial Risk Management:**

The Company has exposures to the following risks its use of financial statements:

- Credit risk
- Liquidity risk
- Market risk

The Board of Directors has overall responsibility for the establishment and oversight of the company risk management framework. The Board oversees how management monitors compliance with risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to risks faced by the company. The Board is assisted in its oversight role by Audit Committee. Internal audit, under the purview of Audit Committee, undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the Audit Committee.

**Credit Risk:** Credit risk is the risk of financial loss to the company if a buyer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the company receivable from customers and investment securities. The company sales are made to renowned RMG Exporting Company. Sales made to the entity are fully secured by Letters of Credit issued by local scheduled banks.

**Liquidity Risk:** Liquidity risk is the risk that the company will unable to meet its financial obligations as they fall due. The company approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the company reputation. In general, management ensures that it has sufficient cash and cash equivalent to meet expected operational expenses, including the servicing of financial obligation through preparation of the cash forecast, prepared based on time line of payment of the financial obligation and accordingly arrange for sufficient liquidity/fund to make the expected payment within due date. The Board also monitors dividend trend to ordinary shareholders.

**Market Risk:** Market Risk is the risk that changes in market prices such as foreign exchange rates and interest rates will affect the company income or the value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

**Money Laundering:** The Company considers prevention of money laundering risk not only as a compliance requirement imposed by the law of the country but also as one of its ethical business values.

#### 2.13.1 **Leases**

Leases in terms of which the company assumes substantially all the risks and rewards incidental to ownership are classified as finance leases. Upon initial recognition, the leased asset is measured at an amount equal to the lower of its fair value or the present value of the minimum lease payments. The interest rate implicit in the lease has been used to calculate the present value of minimum lease payments. Subsequent to initial recognition, the asset is accounted for in accordance with the accounting policy applicable to that asset.

As per IFRS- 16, the entity has no lease. So, there will be no implication regarding IFRS 16 in this financial year.

#### 2.14 **Valuation of Current Assets:**

##### **Inventories:**

As per IAS 2, Inventories comprises of Raw Materials, Dyes, Chemical, Packing Materials, Work in Process, Finished Goods. In compliance with the requirements of IAS 2 "Inventories" & with Schedule XI Part-II of the Companies Act 1994, the Inventories have been valued at Cost or Net Realizable value whichever is lower, which is consistent with the previous year practice. Net realizable value is based on estimated selling price in the ordinary course of business less any further cost expected to be incurred to make the sale.

##### **Advances, deposits and prepayments:**

Advances are initially measured at cost. After initial recognition advances are carried at cost less deductions or adjustments. Deposits are measured at payment value. Prepayments are initially measured at cost. After initial recognition prepayments are carried at cost less charges to Statement of Profit or Loss and Other Comprehensive Income.

#### 2.15 **Creditors and Accrued Expenses:**

**2.19 Related party disclosure:**

Related party is considered if the party is related to the company and exerts significant influence over the day-to-day transactions of the subject gain as per IAS-24.

**2.20 Event after the Balance Sheet Date:**

As per IAS-10, “events after the reporting period” are those events favorable and unfavorable that occur between the end of the reporting year and the date when the financial statements are authorized for issue. Subsequent to the Statements of Financial Position date, the Board of Directors, in their meeting held on October 27, 2025, recommends a 10% cash dividend for all shareholders held at record date for the year ended 30 June 2025. The dividend proposal is subject to shareholders’ approval at the forthcoming Annual General Meeting.

**2.21 Foreign Currency Transaction:**

Realization and payments in foreign currency are converted into the local currency at the rate of exchange prevailing on the date of receives and payments respectively, as such any gain or loss arisen out of transactions in foreign currency is charged to the related items as per IAS-21. The financial statements are prepared in Bangladeshi Taka which is the Company’s functional currency.

**2.22 Taxation:**

Income tax expense represents the sum of the tax currently payable and deferred tax.

**Current Tax:**

Current Tax is higher of (i) Regular Tax, (ii) Minimum Tax as per section 123 and section 163 of Income Tax Act 2023. Provision for current income tax has been made at the rate of 15% on business income as per SRO 159/2022 and tax provision on other income as prescribed in the Income Tax Act, 2023 on the accounting profit made by the Company in compliance with IAS-12 “Income Taxes”. The Company liability for current tax is calculated using tax rates that have been enacted on date of Statement of Financial Position.

**Deferred Tax:**

Deferred tax is provided for all temporary differences comprising between the tax base of assets and liabilities and their carrying amounts in financial statements in accordance with the provision of IAS-12.

Deferred tax has been recognized in accordance with the provision of IAS 12: Income Taxes, based on the deductible or taxable temporary difference between the carrying amount of assets / liabilities and its tax base. Deferred tax asset or liability is the amount of income tax recoverable or payable in the future periods recognized in the current period. Deferred tax asset or liability does not create a legal recoverability or liability from or to tax authority. Related deferred tax income / expense is recognized in the statement of profit or loss and other comprehensive income. Deferred tax assets and liabilities are offsetted if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity. A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the deductible temporary difference can be utilized. Deferred tax assets are reviewed at each date of statement of financial position and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

During the year the Company has recognized for Deferred Tax as per provision of IAS-12.

**2.23 Borrowing Cost:**

Borrowing costs that are not directly attributable to the acquisition, construction or production of qualifying assets are recognized in profit or loss using effective interest method. Borrowing cost incurred against loan for expansion of project has been capitalized under effective interest rate method as per IAS-23 "Borrowing Cost".

**2.24 Earnings per share:**

The company calculates Earnings per Share (EPS) in accordance with IAS-33 "Earnings per Share". The Earnings per share has been calculated using weighted average method.

**Basic Earnings per Share:**

This represents earnings for the year attributable to ordinary shareholders. As there was no preference dividend, monetary interest or any extra other ordinary items. The net profit after tax for the year has considered as fully attributable to the ordinary shareholders.

**Weighted average number of ordinary shares outstanding during the year:**

The basis of computation of number of shares is in line with the provision of IAS-33: Earnings per Share. Therefore, the total number of shares outstanding at the end of the year multiplied by a time weighting factor which is the number of days the specific shares were outstanding as a proportion of total number of days in the year.

**Diluted Earnings per Share:**

Diluted EPS is calculated if there is any commitment for issuance of equity shares in foreseeable future, i.e., potential shares, without inflow of resources to the Company against such issue. This is in compliance with the requirement of IAS-33. As the company has no dilutive potential ordinary shares, so diluted earnings per share was not calculated.

### 38.00 Related party transactions

During the year, the Company carried out a several number of transactions with key management personnel in the normal course of business. The names of the related parties and nature of these transactions have been disclosed in accordance with the provision of IAS-24.

The following related party transactions have appeared during the year.

SL.	Name	Type of transections	Amount in Tk
i.	Mr. Md. Hafizur Rahman	Board Meeting Attendance Fees	74,750
ii.	Mr. Neaz Rahman Shaqib	Remuneration and Board Meeting	3,199,750
iii.	Mr. Major General (retd) Md. Sarwar Hossain	Board Meeting Attendance Fees	5,750
iv.	Mr. Md. Ayub Ali	Board Meeting & Audit Committee	109,250

viii.	Mr. A. T. M. Sarwar Kamal Chowdhury	Board Meeting & Audit Committee	92,000
ix.	Professor Mohammed Enamul Hye, FCS	Board Meeting Attendance Fees	40,250

Directors under Serial numbers iii and vi have been dropped with effect from September 24, 2024, from the board as per BSEC's Directive.

Directors under serial numbers vii and viii have joined the board on October 28, 2024 and serial number ix on December 24, 2024.

### 39.00 Reason for significant variance

During the financial year 2024-2025, operational revenue and other income increased reasonably, accompanied by proportional rises in operational, financial, and tax expenses. Despite this, Net Profit After Tax and Earnings Per Share (EPS) showed positive growth.

Sales and cash collection improved, though higher supplier and tax payments led to a decline in Net Operating Cash Flows Per Share (NOCFPS) compared to financial year 2023-2024.

For the financial year 2023-2024, NOCFPS has been rearranged from Tk. 4.94 to Tk. 4.27 due to reclassification of Bank charges, commission, and brokerage were moved from financial to administrative expenses, while collection, discrepancy, payment, and reminder charges were reclassified under selling expenses.

### 40.00 Date of Authorisation

The Board of directors has authorised these financial statements for issue on 27 October 2025.
